Traditonal Charm on the Izu Peninsula

A long-established ryokan set amidst the Izu Peninsula's many charms, ABBA Resorts Izu aims to pass on Japan's traditional culture and hospitality for generations to come. This is the first signature hotel by ABBA Resorts, which invites you to step inside to experience Omotenashi, the famous spirit of Japanese hospitality, along with traditional Japanese culture and gourmet dining. As the origin of the inn's name is "like sitting and catching fish," you are invited to relax here and soak in the beauty of the peninsula, which has been certified as a UNESCO Global Geopark.

Surrounded by soothing hot springs, serene forest, and sea views, the resort is rich in natural beauty. Whether visiting idyllic beaches in the summer, soaking in an Onsen during winter months, or enjoying springtime cherry blossoms or autumn leaves, the peninsula delights as a destination year-round.

宿名、坐漁荘の由来である「坐して魚を釣るがごとく」、心の赴くままのんびりとお過ごしください。

A stay in a ryokan is like traveling back in time to experience the charm of old Japan. The first ryokan was created in 705 A.D. and is known as the world's oldest hotel. More than a place to sleep, these Japanese-style inns typically include full board (breakfast and dinner), wellness baths, and personal care.

Unlike hotel rooms, ryokan have very little furniture. You will find comfortable tatami mat flooring and cozy yukata robes. And while you are enjoying your multi-course Kaiseki dinner, ryokan staff will return to your room and discreetly lay out traditional futon bedding for you.

Japanese Experience

Staying at a ryokan means that the timeless charms of traditional Japanese culture are right at your doorstep. From green tea-making lessons to origami and sushi workshops, the resort offers plenty of opportunities to connect with Japan's elegant heritage. Take a glimpse into the world of scent bag making by creating your very own perfumed cloth bag, or dress in a Kimono (or Yukata) and experience Japan's traditional attire while taking a stroll through the grounds. Guests can also learn the art of traditional incense fragrances and explore the resort's many gardens, which are designed in intricate, centuries-old patterns.

One unforgettable highlight is the Japanese sword gallery. Home to one of the most amazing collections of Samurai swords in the world, ABBA Resorts Izu houses countless treasures. These precious antique katanas and scabbards are examples of master craftsmanship, forming the most expensive and unique sword collection in the world. View and interact with these items of living history first-hand by visiting the resort's Gi no Kokoro Gallery. Knowledgeable staff are available to provide detailed history and information about the displays.

旅館に泊まるということは、その土地の風土や歴史、文化にすっぽりと包まれて一夜を過ごすこと。ABBA Resorts IZUは本格的な日本伝統文化の体験プログラムを大切に考えています。旅館には珍しい、躰口のある本格的な日本茶室「山桃庵」での茶道の体験。香道や折り紙、日本料理や着物を着ての日本庭園の散策など、いにしへの宮廷文化から受け継がれる優雅な伝統と繋がる時間。また唯一無二の貴重な日本の名刀のコレクションの一部をご覧頂けるギャラリー「義の心」は我々の誇りです。
